Educator Certification Procedures

The NH Department of Education Division of Program Support, Bureau of Credentialing administers the rules that have been established to evaluate the credentials of candidates for an educator license. Recommended by the NH Professional Standards Board and approved by the State Board of Education, these rules govern educator certification and all professionals employed in NH public schools must possess the appropriate certification for their assignment. The Bureau is responsible for the certification and recertification of all educators from Superintendents through teacher aides. The Bureau is responsible for the investigation of educators involved in acts of misconduct.
